## Installation dimensions and accessories

Model	Description	Panel size			Case size		E
		A	B	C	D		
CDPE30AF	Equal potential box Small box galvanized flat steel						
CDPE30AFT112	Equal potential box Small box copper bar 1 x 12						
CDPE30AFT220	Equal potential box Small box copper bar 2*20						
CDPE30AFT225	Equal potential box Small box copper bar 2*25						
CDPE30AFT320	Equal potential box Small box copper bar 3*20	184	100	160	75		50
CDPE30AFT325	Equal potential box Small box copper bar 3*25						
CDPE30AFT420	Equal potential box Small box copper bar 4*20						
CDPE30AFT425	Equal potential box Small box copper bar 4*25						
CDPE30BF	Galvanized flat steel in equal potential box						
CDPE30BT220	Copper bar in equal potential box 2*20						
CDPE30BT225	Copper bar in equal potential box 2*25						
CDPE30BT320	Copper bar in equal potential box 3*20	206	124	180	92		64
CDPE30BT325	Copper bar in equal potential box 3*25						
CDPE30BT420	Copper bar in equal potential box 4*20						
CDPE30BT425	Copper bar in equal potential box 4*25						
CDPE30CF	Equal potential box Large box galvanized flat steel						
CDPE30CT240	Equal potential box Large box of copper bars 2*40						
CDPE30CT340	Equal potential box Large box of copper bars 3*40	327	232	296	200		120
CDPE30CT440	Equal potential box Large box of copper bars 4*40						
CDPE30CT450	Equal potential box Large box of copper bars 4*50						
CDPE30CT460	Equal potential box Large box of copper bars 4*60						

Note: The outer dimension of the shell is for reference only, as it is a tensile product.
